## **Miles from yesterday**

*(Lyrics by Olivia Trummer)*

Let your story begin  
A story born from hope and courage from within  
Miles from yesterday  
Where worries start to fly away

Let your story unfold  
A story never heard of and never told  
Miles from yesterday  
Where the music begins to play

Go find the story inside of you  
Go find a way to make it come true  
This is your chance to create a new reality

Let your story surprise  
And let each failure be a blessing in disguise  
Miles from yesterday  
Where your dreams see the light of day

Go find the story inside of you  
Go find a way to make it come true  
This is your chance to create a new reality
